SMF Real Estate Service Group Sponsors RealShare

For the second year in a row, Sax Macy Fromm's Real Estate Group sponsored RealShare New Jersey, the leading real estate networking conference for the New Jersey commercial real estate market. Through participation in this marquee event, SMF has firmly established its position among the leaders in the region's Real Estate industry.

The conference was designed to help clarify complex issues by providing answers and insight to questions unique to the New Jersey real estate market. SMF hosted a panel discussion on "Making a Difficult Deal Work". RealShare has traditionally been the place to identify industry trends and direction on where to find the next wave of opportunities and deals.
